

Dogetrend Whitepaper

V1.1

What is Dogetrend?

1/ The #Dogetrend community cares about supporting each other, being kind, teaching people about cryptocurrency, fundraising, having fun, making memes, and being absurd. This is nicely captured by Dogecoin's unofficial tagline: "All for the community" 

2/ #Dogetrend is building the first BSC compatible ecosystem for deploying dApps #DeFi, #Staking & #Chart, #Transaction 🔥 💪 #DogeTrend launched with more utility than \$DOGE on blockchain 🚀

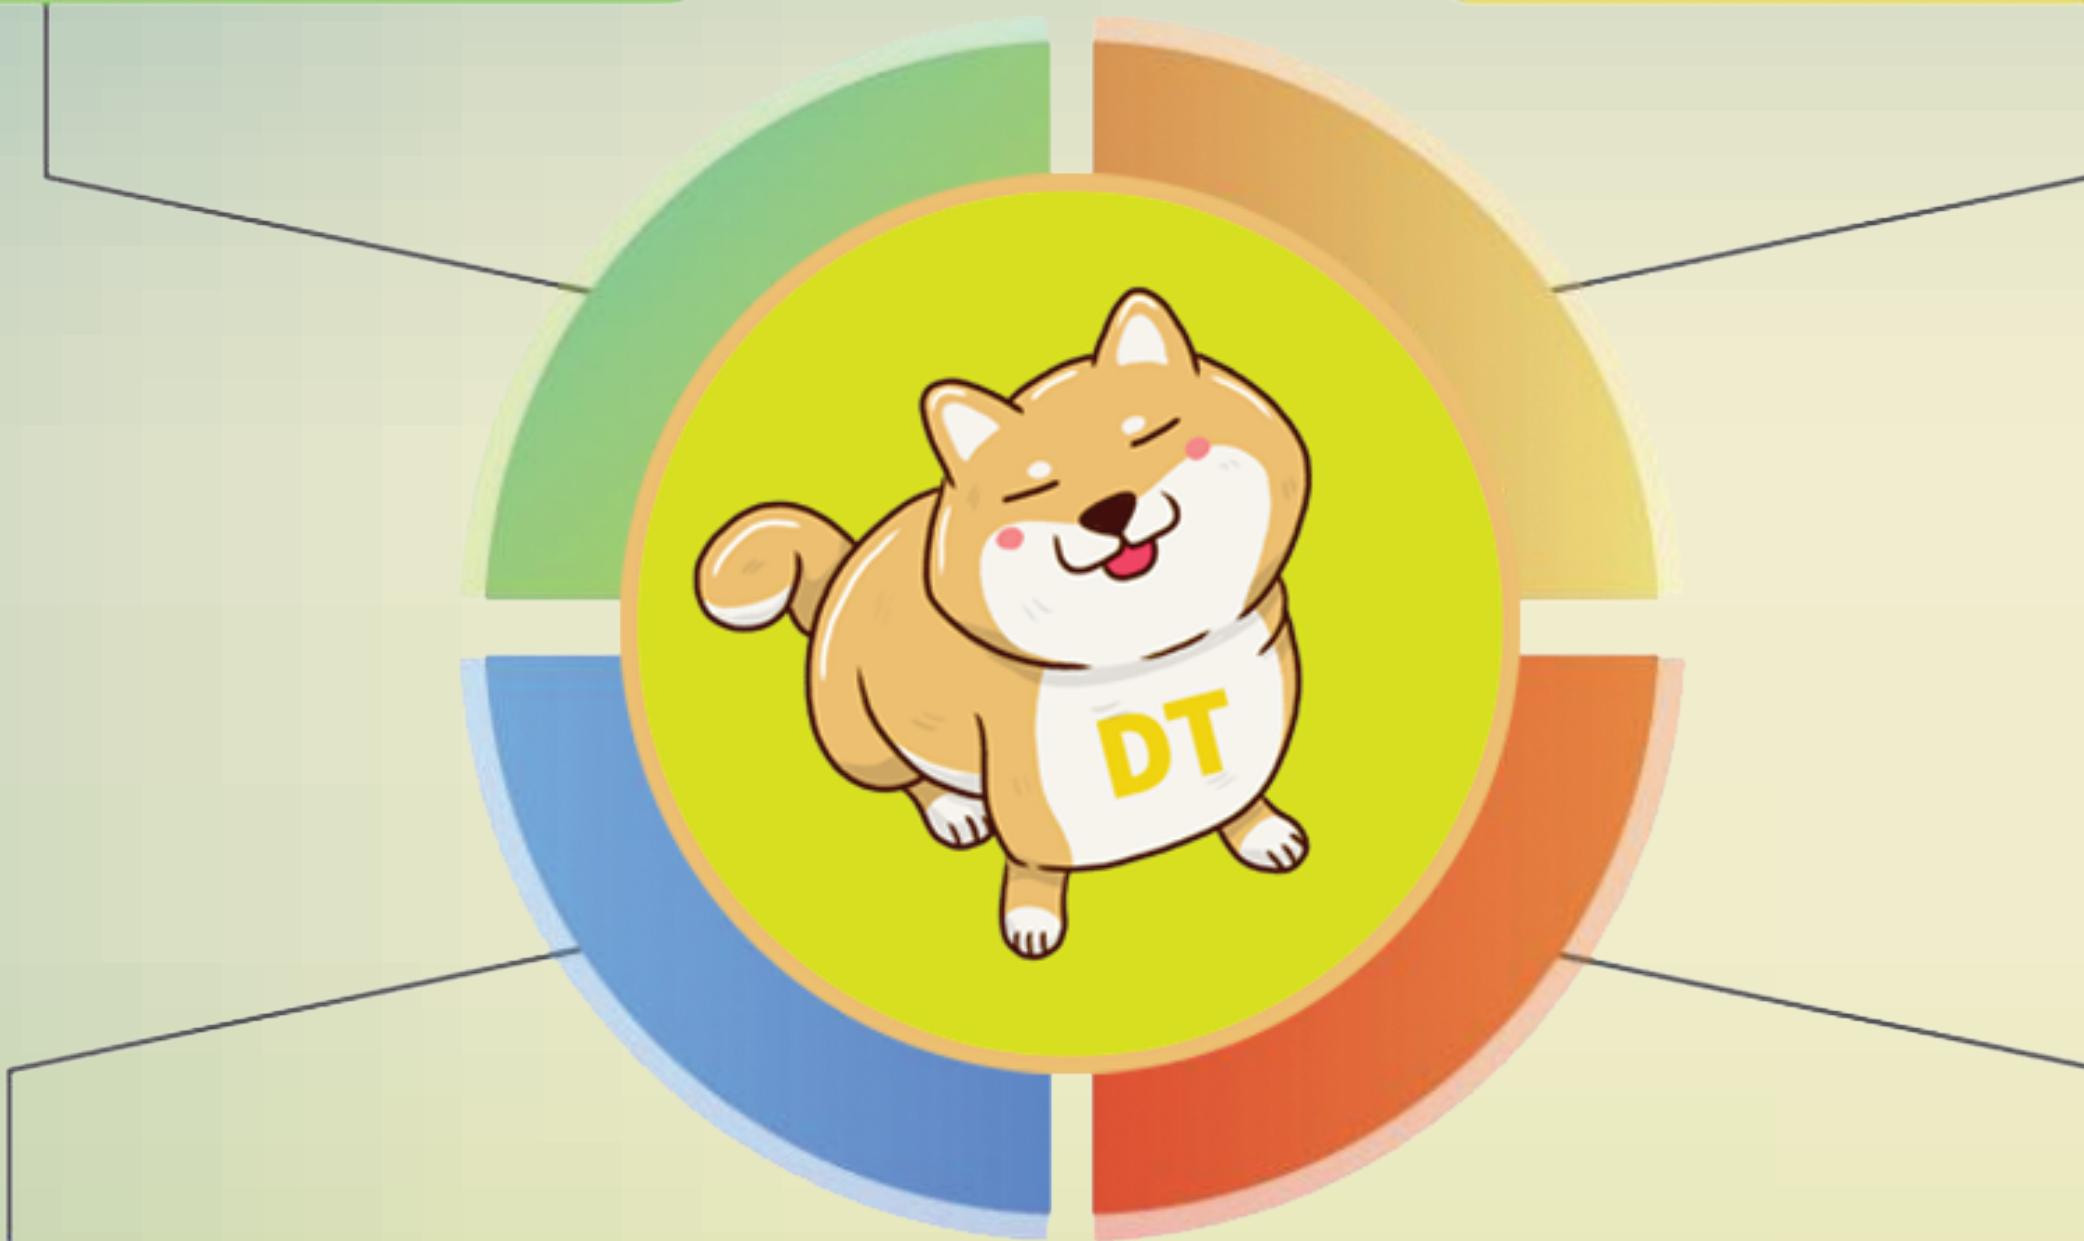

What is Dogetrend?

3/ At its heart, Dogetrend is the interesting that makes people smile! It is also an opensource peer-to-peer cryptocurrency that utilises blockchain technology 🐶 "All for the community" 🐶

4/ A highly secure decentralised system of storing information as a public ledger that is maintained by a network of computers called nodes. More than this, though, is the ethos of Dogetrend , and its amazing, vibrant community made up of friendly folks just like you! 🐶 🙌
